

Dear Junior/Senior:

All students are encouraged to complete a Senior Community Service Project. The project is intended to establish a working relationship with a local organization and to serve in the local mission field in a meaningful and comprehensive way. The objective of this project is to exhibit leadership in a Community Service Project, which can open doors for future endeavors including college entrance, scholarships, missions' opportunities, and work experience. It is our belief that volunteering in this way will have a life impact on you and be hugely beneficial to the local community.

The Senior Community Service Project may be completed during either your junior or senior year. The earlier you finish your project, the better so that you may include it on your college applications.

The Senior Community Service Project packet is available online under printable documents on the Boca Christian Website. This packet includes instructions for completing the project, a list of possible non-profit agencies, and the purpose of the project, along with some other items you will need to get started. You must have your project approved prior to starting it.

Remember that a completed service project requires a minimum of 15 volunteer hours. If you have any questions, please do not hesitate to call the high school office.
